## **QUANTUM BATTERY METALS HAS SIGNED LOI TO ACQUIRE THE HOOK'S HARBOUR COPPER PROPERTY**

**VANCOUVER, BC, February 8, 2023 - Quantum Battery Metals Corp. (CSE: QBAT) (OTC Pink: BRVVF) (FSE: 23B0) ("Quantum" or the "Company")**, a Battery metals mining company, has signed a non-binding letter of intent to acquire their first copper project, The Hook's Harbour Property. The LOI details the acquisition of the property with 100-per-cent interest in and to 26 mineral claims, together with the surface rights, mineral rights, personal property, and permits associated there with located on the Hook's Harbour Property.

### About the Hook's Harbour Property

The Hook's Harbour Property is a copper prospect with an approximate area of 650 hectares in jurisdiction of Newfoundland, Canada. The property is air accessible and located 180km NW of the St. John's International Airport.

- The Property is predominantly underlain by sediments of the late Precambrian Musgravetown Group. The Musgravetown group is largely undivided, however, Upper red beds with distinctive ridges of conglomerates are separated into Crown Hill Formation at Deer Harbour, Random Island, Red Cliff East and Burgoynes Cove. Elsewhere the underlying Musgravetown Group is called Rocky Harbour Formation, or undivided.
- The Property area typically consists of locally disseminated pyrite, and minor chalcocite within grey-green sandstone and siltstone interbedded with red and marron sandstone, siltstone and conglomerate.
- Deer Harbour North Shore Minfile: Showing, undivided stratabound deposit in clastic sedimentary rocks.
- 2005 Report 781: Significant results include: 1,554 ppm Cu and 3,330 ppm Cu.

Quantum would also like to announce that it has retained a firm to provide advisory services for increasing brand awareness for the Company. Certain services to be provided by the firm are anticipated to include investor relations activities under the policies of the Canadian Securities Exchange and applicable securities laws. The Company has retained their services for 150,000 Euros.

Forward-Looking Information This news release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address events or developments that Quantum Battery Metals Corp. (the "Company") expects to occur, are forward-looking statements. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in the forward-looking statements. Factors that could cause the actual results to differ materially from those in forward-looking statements include market prices, exploitation and exploration successes, and continued availability of capital and financing, and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward- looking statements. Forward-looking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made. Except as required by applicable securities laws, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change.
